

Leading in a Virtual Environment

Course Description:

Experience an engaging workshop for leaders who want to develop the skills and character to motivate, influence, connect and engage their teams when faced with the challenges of a Virtual Environment. Learn the skills and attitude necessary to successfully communicate, build trust, maintain productivity and create a culture of accountability with your team.

Course Objectives:

After completing this, managers, supervisors and team leaders will have the tools and deep understanding of how to get the most out of their teams.

Managers must think differently when leading virtual teams.

- Communicate effectively with remote workers
- Lead, coach and support team members virtually
- Understand the job from a remote workers perspective
- Learn how to effectively manage Virtual Meetings
- Understand the myths of remote workers and management
- Create an environment for success
- Learn how to create a culture of accountability
- Eliminate the causes of poor performance
- Build connections through communication
- Create Team Synergy despite geography
- Keep your team motivated and engaged
