

Overcoming the Challenges of Working Remotely

Course Description:

Experience an engaging workshop to help those working remotely overcome many of the challenges that present themselves when outside of the structured office environment. Learn how to stay connected to your team, stay productive and enjoy the balance that Remote Work provides.

Course Objectives:

After completing this workshop you will:

- Learn simple tips to keep you connected to your team and manager.
- Learn how to stay productive and efficient without the office structure.
- Understand how to communicate the most effectively with your team.
- Learn how to use technology for greater performance and engagement.
- Learn how to create a productive home workspace.
- Understand how the psychology of dressing up for work impacts performance
- Learn how to stay motivated without the motivators that often come from being in a social environment.
- Learn tips for effective virtual meetings
